During the Webinar – Very Important to get proper credit

1. We ask 2 interactive polling questions during each seminar hour. These will pop-up on your screen during the Webinar. Your selections are anonymous to everyone in the meeting room, but you must answer them as they are verification of your attendance. If you do not answer them for any reason, it is your responsibility to immediately contact us via the Q & A pod or you may not get credit for the seminar.
2. The second pod down on the left side is the Q & A pod - enter any questions/comments you have and we will reply.

The Webinar Ends– Do not disconnect until you read this

1. Before midnight on the day of the Webinar, you must go to www.ccedseminars.com. After you log into your account, the name of the Webinar is listed under “Course History”. If you do not see it, please refresh your page, or click on the link for "MY ACCOUNT" which is on the upper corner of that page.
2. If a post Webinar quiz is required, Click on the “TEST” button next to the name of the Webinar . When the page opens, scroll down and answer the post seminar quiz questions. Answer them all and submit your answers. If you get them all correct you will see a congratulations message. If you do not see the congratulations message, you did not get

all the answers correct. Review the answers you chose and the system will tell you which are wrong so you can try again.

3. After completing the quiz (if required), log into your account and “Print Certificate”. You may need to refresh your browser or log out/log back in to see the “print certificate” link.

Using an Ipad/Iphone/Itouch to take a Webinar:

You will need to download a free app to participate in the Webinar using an Ipad/Iphone/Itouch

Go to app store and enter: adobe connect mobile (free) – the current version is Adobe Connect Mobile

Open the app and it will ask you for the meeting url. Login into your account at Ccedseminars.com and scroll down to the Webinar link. Click on the Webinar. Then, copy and paste the url into the Adobe Connect App. Alternately, copy the url and manually enter into the Adobe Connect App.

Select “Enter As Guest”. Type in your first and last name, then click enter.

In the upper left corner, there are four icons:

1. The first one is square the main view we recommend using for the Webinar
2. The second one is a circle and provides a full screen view of the presentation pod
3. The third one is a page view – we don’t recommend using this one.
4. Question icon – this opens a chat window with moderator.

IMPORTANT – when a polling question is announced and brought up in the meeting room, a fifth icon appears (a tilted square with a check). **YOU MUST CLICK ON THIS ICON** in order to answer the required polling question.

If a video is played, you will see “tap to view” on your screen. Please tap so the video will play. After the video closes, you may need to click on the first icon on the left to return to the PowerPoint.

If you want the file share file(s) for the Webinar, you will need to provide your email address to the moderator in the chat pod
